

## **Mike Rourke, Loan Officer , Cobalt Mortgage**

**My role is to ensure that the loan process goes as smooth as possible for the Team clients, whether they use the services of Cobalt Mortgage or another firm. The Team pays close attention that the buyers are pre-approved properly and that the loan process is following the steps per the contract. I was a licensed realtor alongside Rosie from 1997-2008.**

**A note from Rosie: “Ok...he’s my husband, but I have complete confidence when Mike is involved in the loan process with honest and direct communication. Mike is a life-saver when trying to sift through the loan process from a different lender as well.”**

**His commitment to you:**

**“Honesty, integrity, and reliable communication. It is my goal to get you the most competitive loan possible and meet the closing date smoothly.”**
